

# LIU for Mayor, Oakland 2014

Peter Y. Liu came to the U.S. as a poor immigrant at seven. Educated from elementary to high school in the Oakland Unified School District. Graduated from the University of California and the United States Defense Information School. Service-connected U.S. Army veteran at 23. Insurance agent for eight years. Investor of residential and commercial real estate. A self-made multimillionaire at 33. His plan for a safer, efficient and prosperous city:

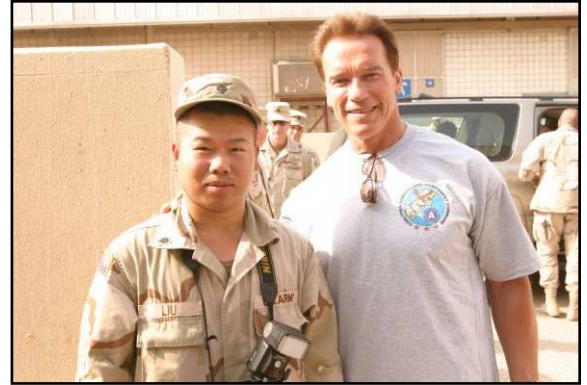

## Community Empowered Safety Plan

1. New police chief will readily issue conceal carry permit to lawful city business owners, their workers or residents age 21+.
2. Every person caught with an illegal gun, obtain search warrants ASAP for their residences to get more, find fingerprints to match in FBI databases for suspect straw purchasers for more potential arrests.
3. Install mandatory surveillance in medium and high crime areas. Surveillance accessible real time via internet to lawful city residents.
- 4: More community participation. Each officer will setup and advise a neighborhood watch with about 7 to 25 volunteers. They will meet monthly to discuss issues and the officer will be present as needed to give advice. Once the city declares an emergency, all neighborhood watches will be notified to prepare for best course of action to protect themselves or neighborhood which includes evacuation orders.
- 5: Business centers taught by local business entrepreneurs to city residents. "Brainstorm business ideas, make business plans, obtain business licenses, market their services or products."

*I am not running for prestige, wealth nor power. My son, he is nearly two years old. If I am mayor, I will have 4 years to make the Oakland public schools safer and raise education standards. I want my child to be able to go to the same public schools I went to and be proud of it.*

I am running without any monetary donations and I rely on the good will of the people to spread my message. If you agree with what I am doing, please email your friends this press release. Feel free to print this and post it anywhere where it is legal. People can email me at [petyliu@aim.com](mailto:petyliu@aim.com) with whatever concerns they have. If you've helped me in any way, please email me to let me know. Thank you in advance for your support. Together, we'll make Oakland better than our neighbors. ^\_^

*Ziggurat of Ur, Iraq. 5,000 Year old moon temple near birthplace of Abraham. 2004.*

## FAQs:

1. **Why are you running a campaign without monetary donations?**  
I became a self-made millionaire because I am frugal and efficient. If I run a successful campaign on less than \$1,000 without the fancy excess, who do you think would make the best budgeter?
2. **How much does your Community Empowered Safety Plan cost?**  
It cost nothing additional to the city budget because the plan is self funding. The small fees for the concealed weapon permits for residents will fund the surveillance cameras. The fees from students at the business center will provide for compensation from various local business owners to teach their trade to residents. Each officer will magnify their effectiveness by setting a neighborhood watch at no additional cost.
3. **Why do we need a neighborwatch and surveillance?**  
Our police are way understaffed, we need to shift the bulk of patrol duties to the residents and electronic surveillance. This would put less stress on our officers so they can perform anti-crime measures. With active engagement in solving crimes rather than in passive defense mode, we will achieve a safer, happier and more efficient city.
